RE: Board Vacancy Division 5

Dear Mr. Maupin:

This letter is to let you know I have an interest in the vacant board seat. I have lived in District 5 for 6 years in the town of Rackerby. This position interests me because I am highly educated on spatial relations and understanding how terrain works best with water delivery and conservation. I am a Texas A & M University graduate with a major in geography. I would very much like to work with the current board.

If I were chosen to be an acting board member I would act competently, ethically, and with integrity. I am highly qualified for this position and understand the demands and inner workings of being a board member. I would love to meet with you at your earliest convenience.

Thank you for your time,

Dear Mr Maupin;

I understand there may be an opening in Division 5 for a director.

I would be honored to serve my Community in this position. Please consider this my application.

I'm retired and have the time necessary to fulfill the position of Director for my district.

Please feel free to contact me if you have any questions or concerns.

Thank you for your consideration.

Director Mitchell made a motion for the Board to accept the Financial Manager's report as presented. President Hansard seconded the motion.

PUBLIC COMMENT: Members of the public commented on the expenses paid out of reserves and the Financial Report.

The motion passed with a unanimous vote.

DISCUSSION/REPORTS

F. GENERAL MANAGERS REPORT

1. Operations Memorandum

Director Flohr expressed her concerns regarding the General Manager giving a verbal report, the amount of water being used at SF14, whether South Feather was contacted regarding the bill for over usage, if Cal Fire was contacted regarding water use during the fire and why Incident Commander Dave Pender of the Bear Fire's call not returned. General Manger Maupin responded that to keep it filled and supplied, the most efficient way to have water brought in is to pull water from the pond that exists at the treatment plant. Regarding South Feather overage bill, General Manager Maupin explained via resolution it takes three board members to put something in action, no further action was given. As reported during the last meeting, South Feather provided the information from the dailies and the summations add up for their monthlies, but their bill did not complement what was given March 26, 2021, Board Meeting Minutes

to the Water District. South Feather's response to the water district was even though they received the extra water they would not pay for it, so it was charged to our account. Regarding Incident Commander Payne, there was no recall of a phone call. The Staff was dealing with all the water trucks at the Upper Forbestown Ditch. General Manager Maupin stated that he could not comment on the Lower Forbestown Ditch which South Feather has control of.

PUBLIC COMMENT: Members of the public commented on repair and maintenance on the Orgon House Canal and the leak on Citron Way.

G. IRRIGATION SEASON PROJECTION:

President Hansard discussed the lack of water and snowpack and made a motion to forgo the irrigation season for 2021. Vice President Hawthorne seconded the motion.

Director Flohr disagreed. The season should run until the water runs out. There was a lengthy discussion pertaining to snowpack, the water shed, the history of the last 10 years regarding rain fall, how much water is needed to start the season, and the fact that currently there is not enough water to even make it down 01. Also discussed was the pipeline in the Forbestown ditch and the significant resistance that was put up to stop its installation, the South Feather agreement, and the current Irrigation Policy.

PUBLIC COMMENT: Members of the public commented on the unprofessionalism of the board, the lack of an irrigation season and an opportunity to pay additional fees.

The motion passed with a majority vote with Director Flohr voting no.

H. DIRECTORS INPUT:

Directors may make brief announcements or reports for the purpose of providing information to the public or staff, or to schedule a matter for a future meeting. The Board cannot take action on any matter not on the agenda and will refrain from entering into discussion that would constitute action, direction, or policy, until the matter is placed on the agenda of a properly publicized and convened Board meeting. 1. Consideration of agenda items for the next meeting. Items must be requested in accordance with the District's POLICY FOR AGENDIZING ITEMS FOR BOARD MEETINGS.

Director Neilson discussed the 2018 season, the definition of beneficial use and the size of the Forbestown Ditch pipe. Director Flohr discussed the multiple invites from South Feather which were not brought to the Board or put on the agenda. A public records request that was received February 20, 2021.

PUBLIC COMMENT: Members of the public commented the private survey, South Feather usage, the unwillingness of the board to speak or meet with South Feather.

L. ADJOURNMENT:

In compliance with the Americans with Disabilities Act, if you are a disabled person and you need a disability-related modification or accommodation to participate in this meeting, then please contact North Yuba Water District office staff at 530-675-2567 or fax 530-675- 0462. Requests must be made as early as possible and at least one-full business day before the start of the meeting.

There being no further business to discuss, President Hansard made a motion to Adjourn. Vice President Hawthorne seconded the motion. The motion passed with a unanimous vote.

The meeting was adjourned at 5:49 PM.

Respectfully Submitted,

Catherine L. Fonseca, Recording Secretary

AGREEMENT FOR SPECIAL WATER USE

2021 - North Yuba Water District and Woodleaf Younglife

The North Yuba Water District, hereinafter referred to as "DISTRICT", and Woodleaf Younglife Campaign, hereinafter referred to as "APPLICANT", do hereby agree to the provisions established herein for the delivery of and payment for water furnished to APPLICANT.

Said delivery shall be subject to all rules, regulations, and policies of the DISTRICT pertaining to the delivery of irrigation water, except as otherwise specifically provided herein:

1. The point of delivery of water shall be at the end of the open canal otherwise known as the Forbestown Ditch, in the Northwest 1/4 of Section 9, T.19 N., R.7 E., MDB & M, at the point at which the canal enters the Woodleaf Siphon.
2. All conveyance facilities from said point of delivery to the actual place of use shall be considered to be the property of the APPLICANT, and all costs of installation, replacement, maintenance, and repair of such facilities shall be the responsibility of the APPLICANT.
3. Water is delivered hereunder through a miner's inch box which shall be set and adjusted as approved by DISTRICT.
4. The water contemplated to be delivered hereunder shall normally be available only during the regular irrigation season (April 15 through October 15 of each year) and will be limited to those periods when flows of water are present in the Forbestown Ditch as necessary to meet other purposes of the DISTRICT.

During periods when water is available as aforesaid, delivery shall be considered to be on a continuous flow basis at a flow not exceeding 4.0 miner's inches (.2 CFS) as requested by the APPLICANT, subject to terms of the District's IRRIGATION POLICY.

Refund(s) for periods when water is unavailable shall be made in accordance with **Section VI. C.9 of the IRRIGATION POLICY**.

5. Service Charges-
 - a. An Initial Service Charge of \$25.00 shall be required at the beginning of each season to cover the cost of checking and/or adjusting the measuring device.
 - b. The APPLICANT may request adjustments in flow or inspection of the measuring device at any time. However, each such occurrence shall be subject to a service charge of \$25.00.
6. In the event of adjustments in volume, the charges for the remainder of the season shall be adjusted by calculating the total volume projected to the end of the irrigation season, and applying the appropriate revised unit cost for the adjusted flow. If applicable, any refunds then due shall be made in accordance with Section VII B of the IRRIGATION POLICY.

7. The unit rate to be paid by the APPLICANT shall be 1.5 times the appropriate unit rate as determined in accordance with Section II of Appendix C #2 of the IRRIGATION POLICY.
8. Charges for delivery of water shall be due and payable at the time of making application.
9. All other charges shall be made in accordance with the IRRIGATION POLICY.
10. The APPLICANT shall assure ingress and egress to the DISTRICT for purposes of fulfilling its functions under this Agreement.
11. This Agreement is effective only until the end of the 2021 irrigation season.
12. This Agreement is intended to be an Amendment to the Irrigation Application.
13. The APPLICANT hereby certifies receipt of copy of the current IRRIGATION POLICY, and agrees to abide by all terms of such policy, notwithstanding any provisions contained herein.
14. The individual signing this Agreement on behalf of the APPLICANT hereby certifies authorization to do so.

Memorandum

Date: April 19th, 2021

To: Jeff Maupin

From: Operations

Subject: Monthly work production/ Schedule of Maintenance review

The following is an overview of the work performed this month by operations staff.

Transmission:

1. Forbestown ditch is now in operation delivering water to the treatment plant and South Feather. As of April 13th, South Feather has started their irrigation season earlier than usual requiring 9 CFS.
2. Job # 562 was 900 feet of plastic sheeting installed to line the ditch at problem areas to help curtail water loss.

Distribution:

1. Domestic meter reads for Brownsville and Rackerby were completed on time.
2. There were 0 service line leaks for the month.
3. There were 0 main line leaks for the month.
4. There was 1 new service install. Job # 563 on Frenchtown Rd.
5. All Air releases were inspected and no problems were found.
6. All blow offs were inspected and no problems were found.
7. All dead-end main lines were flushed.

Water Treatment Plant:

1. The treatment plant is running normal, at this time. There were no major issues at the plant for the last month.

Backflow:

1. All backflows are current, there were no notices scheduled for testing sent out for the last 4 weeks.

Regulators:

1. All CDPH (Cal. Dept. of Public Health) and NPDES (Nat. Pollution Discharge Elimination System) tests and samples were taken and performed on time. These include 3 bacteriological distribution samples for the CDPH, which came back as non-detect.

DOH Canal:

1. Since march 26th 2021 there has been 3 miles of weed abatement on 01 and the ditch along that 3 miles has been groomed. At this time maintenance to the ditch is ongoing

Schedule of Maintenance:

1. The SOM (schedule of maintenance) for the treatment plant, regulators (local, state and federal), DOH canal and the UFC was completed for the previous month. All regulatory (local, state and federal) reports for the current month were completed or are in process. The upper Forbestown ditch is being patrolled; trash racks cleaned, fallen trees removed and holes repaired as they are found.
