Mr. Weckman,

Thank you for your email request and input. I have included our attorney, Nicholas Knight, in my reply so he has your email.

You and any other concerned citizen served by the NYWD are encouraged to stay involved regarding the appropriate use of Prop 1 funding by elected officials, NYWD staff, and their contractors and use the Water Board fraud reporting web page to provide the Water Board with relevant information.

**Subject:** North Yuba Water District

Mr. Lord; Thank you for taking the time to discuss the issue on the telephone. The following will summarize our discussion and place , in writing, my requests.

- I represent, one of the hundreds, of satisfied customers of North Yuba Water District (NYWD). I have been with them for 37 years with excellent service and representation by most of the Board of Directors.
- I am making a Public Information Act request for a copy of any complaints made to your agency toward NYWD. We also hope to have this document include the name or names or the persons making the complaint.
- We are requesting a meeting with yourself or others from your Department. We believe , we can give you pertinent information as to the real motivations of the complaint. I can set this meeting up in a short amount of time. Friday would be doable, I would keep the numbers down to six people and we could conduct the meeting at a local home or other location of you desire.
- We fill that your Water Board Is being used as a pawn in a propaganda effort. This effort is causing serious damage to the citizens of our small communities.
- We hope that a quick resolution to your investigation can be made and the results made public, Therefore, if our request to meet with you would delay your report, we would forgo the request for a meeting. We have confidence with your efforts to make a determination based upon facts. The NYWD Board meets on the fourth Thursday of the month, a conclusion and report prior to that date would be a blessing to our community.
- I cannot understate the amount of outright lies and distortions that have been made by a few individuals.

Sincerely;

*Clarence R. Weckman*
